

# 2020 Word Album Time Capsule Class

Friday - Sept 25th - 10am

Join Chantel to create the base of this beautiful, and very relevant, 2020 word album, with a twist. It has a total of 8 pages, CHOCK full of pockets, flips, folds and pops sure to leave you tons of space to record the moments from you and your family as a "Time Capsule" to share your journey through 2020 with future generations. During the class we will be teaching you how to create this album base using cardstock designed and pre-cut to help you assemble this project with ease!

## Craft Along Kit

[www.treasuredmemories.ca/collections/tm-exclusive-page-kits/products/2020wordalbumclasskit](http://www.treasuredmemories.ca/collections/tm-exclusive-page-kits/products/2020wordalbumclasskit)

Also included in the class kit is a fun assortment of embellishments (over 10 custom on theme die cuts) and paper that have been uniquely created and designed in-house to help you capture all the experiences Covid-19 has brought; from drive by birthdays to social distancing to homeschooling and more!

You will receive more than enough elements to embellish the project. This way if one title, quote or graphic does not resonate with you, another one will, leaving you lots of options for personalizing the Time Capsule.

Shown here is a "finished" album using patterned paper I had in my personal stash at home. While the kit does not include any patterned papers, in class I will provide measurements, so you are able to use any patterned papers you want to complete the album. You will need 5 different patterned papers, 2 of each, to be able to cover your album base as seen in the "completed" photos.

Supplies required to complete class:

- 2020 Mini Album Time Capsule Class Kit
- 1/4" Scor Tape
- Glue
- Pen
- Pop Dots
- 10 Patterned Papers
- Trimmer
- Scissors
