

VIP Zoom Crop **SCHEDULE, PROJECTS and SKETCH**

-HOSTED by Simply Stated Design

All times are in Mountain Time

Friday - JAN 17

6:00 - Welcome

7:00 - Demo 1 with Dooreen

8:00 - Make & take – 3D Project

9:00 - Challenge 1 due (Distressed Elements 2 ways.)

10:00 - door prizes

11:00 - challenge 2 due (Add sequins.)

Saturday - JAN 18

10:00 - Welcome

11:00 - Showcase All The Door Prizes

12:00 - lunch break

1:00 - challenge 1 due (Black & White)

2:00 - make & take 1 - Layout

3:00 - challenge 2 due

(Design a card or tag with an interactive element.)

4:00 - demo 1 with Dooreen

5:00 - challenge 3 due (Use Virtual Crop Sketch.)

6:00 - dinner break

7:00 - make & take 2 - Card

8:00 - challenge 4 due (Create a fold out element)

9:00 - demo 2 with Nadine

10:00 - Draw for the door prizes

11:00 - challenge 5 due

(Create a new project with "Extraordinary" as your title or sentiment)

Vintage Chic Virtual Crop Layout (Saturday)

Designer: Nadine Karen

- Using your Pink solid pattern paper, tear off the bottom 1 ½". Curl the top edge slightly to emphasis the distressed pattern. Add to your 12x12 Pattern.
- Using your 12x12 with the 4 @ 6x6. Cut these 4 papers into strips of varying widths. Fold in half, leaving a curve at the bottom. Adhere across your page at varying heights, trim off the excess to make them shorter.
- Using 6 of your word strips (leave out one of the "joy" pieces) adhere them across the page to cover the tops of your paper strips. The 6 words strips don't reach all the way across, you can leave a gap where the photos sit.
- Using the green pattern section on your other 12x12. Trim 2 pieces at 3x4, lightly sand the edges to reveal the white core. Add with 3D foam.
- Add your ephemera as seen to finish off your page. Use 3D foam on the ephemera that sits off the 3x4 photo mats.

Vintage Chic Virtual Crop Card (Saturday)

Designer: Nadine Karen

- Using white cardstock, trim a piece to 6x9. Score at 3" & 6", fold as seen in the photo to create a peak and a valley.
- Using the flower 6x6, trim 2 pieces at 2 ¾ x 5 ¾. Add one to the first panel and one to the last panel.
- Using the last 6x6 pattern paper, trim 1 piece at 2 ¾ x 5 ¾ (the portion with the pink) and add to the middle panel.
- Using the rest of the white cardstock, trim a piece to 3x9, score at 3" and 6", fold as seen in the photo for a peak and a valley.
- Using the remaining pattern paper from your last 6x6, trim a 2 ¾ x 2 ¾ from the teal portion and adhere to the center panel.
- Using the stripe pattern paper piece, trim 2 pieces at 2 ¾ x 2 ¾, add to the first and last panel.

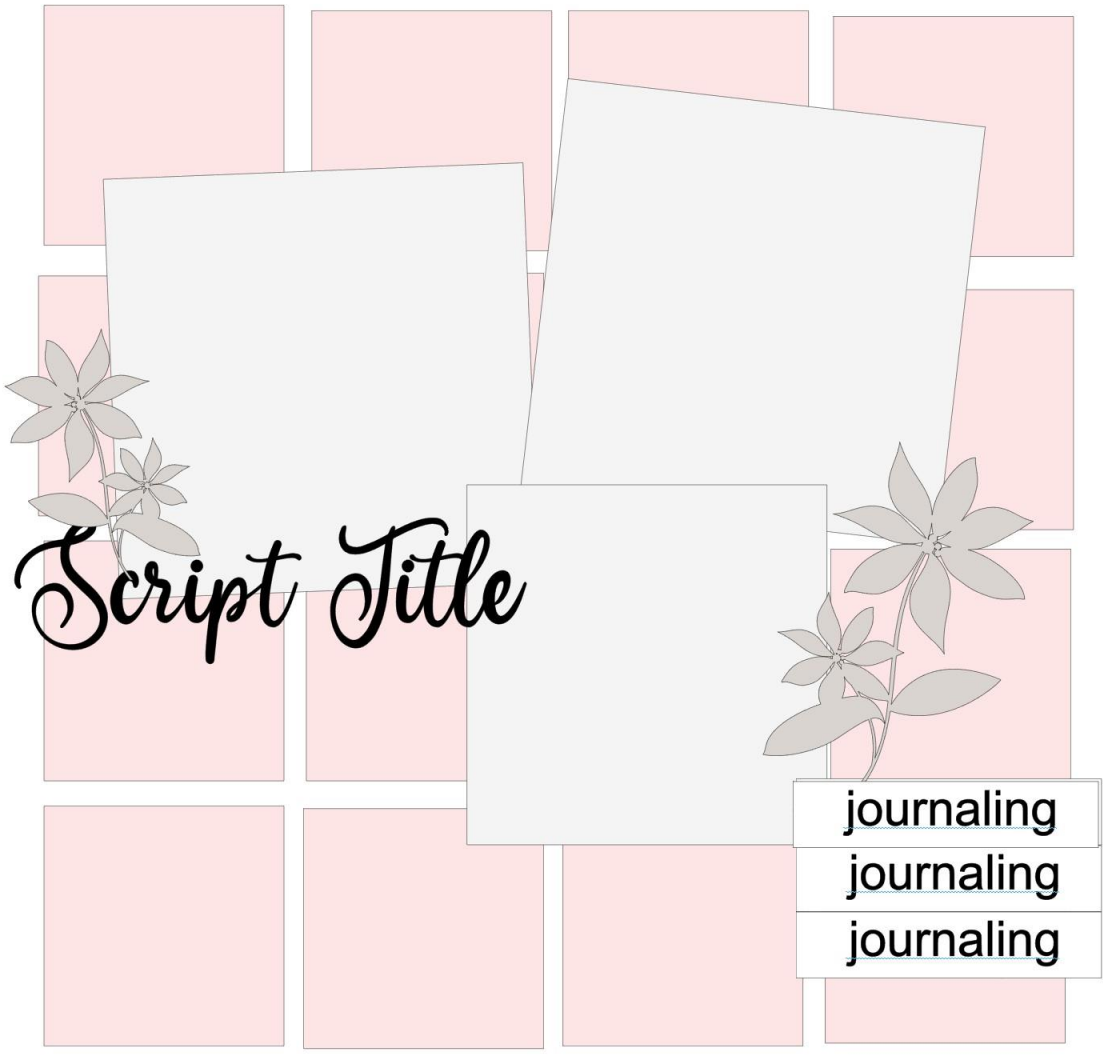

- You will now adhere the small cardstock strip to your large. **Refer to the photo** for where to place your adhesive and where to adhere together. On the first panel of the small cardstock, only place adhesive on the first half. On the last panel, only place your adhesive on the first half.
- Using your glassine envelope, cut apart and back the frame. Add the frame with 3D foam.
- Add the remaining ephemera to finish off your card. Use 3D foam on the “joy” word strip.

Vintage Chic Virtual Crop 3D Project (Friday)

Designer: Chantel Mernickle

- All your pieces are pre cut and pre scored and ready for assembly.
- Specific Instructions provided during the Friday evening crop.
